This community resource guide was put together by the Harper County Interagency Coordinating Council (ICC) members as a resource guide for services available in Harper County. The goals of the ICC are to enhance communication and sharing among community service agencies, identify community needs and agency roles and responsibilities, coordinate services between existing agency programs, and ensure a continuum of services through shared resources to benefit the residents of Harper County. The group meets biannually alternating between a site at Anthony and a site at Harper.

If you are interested in attending and/or participating in the meetings, please contact Joyce Kaup (620-842-3743) or Sherry Vierthaler (620-842-5132) for current meeting information. We hope to continue to develop the directory over time and publish updates on a routine basis. If you see errors or omissions in any of the information, please contact Sherry Vierthaler at the Harper County Health Department/Harper County Home Health Agency (620-842-5132).

For more than 65 years, the American Cancer Society has been finding answers that save lives - from changes in lifestyle to new approaches in therapies to improving cancer patients' quality-of-life. In fact, no single nongovernmental, not-for-profit organization in the US has invested more to find the causes and cures of cancer. Want to do a lot of good with a little of your time? Whether it's giving a cancer patient a ride to chemotherapy, putting together a team for Relay For Life<sup>®</sup>, or sending an email to friends and family about our cancer screening guidelines, there are multiple ways you can join the fight against cancer.
